RESOLVED, that the Florida Bar Business Law Section (the "Section") opposes proposed legislation (the "Proposed Legislation") in its current form that would amend certain provisions of Chapter 48 , Florida Statutes, to expand the ability to effectuate service of process on registered agents of business entities, electronically though email or through an online documents portal, by sheriffs or professional process servers, certified process servers, or persons appointed by the court in accordance with the rules of civil procedure.

RESOLVED, that the proposed bill: (1) is within the Section's subject matter jurisdiction as described in the Section's bylaws; (2) is within the bar's permissible legislative or political activity and the proposed Section position is not inconsistent with any official bar position on that issue; and (3) does not have the potential for deep philosophical or emotional division among a substantive segment of the bar's membership.
